The NYARNG noted its number one and number two projects on the LRCP, Bronx and Queens Readiness Centers, do not currently have land associated with them. The NYARNG also expressed interest in securing property with the USMCR at a location such as Floyd Bennett Field for the future Queens Facility.

2. The United States Army Reserve requested the Board to review 6 projects on their current FYDP, one of which was recommended for joint construction, and six priority projects on their LRCP, two of which were recommended for possible joint construction. Both the USAR and NYARNG require a facility in the Orangeburg area and near Penn Yan-Geneva. The USMCR is a tenant of the USAR's facility in Mattydale, and also owns undeveloped property adjacent to the USAR. Both components wish to build new or renovate existing facilities on the Mattydale properties. Additionally, the USAR expressed the importance of utilizing "green initiatives" to achieve a 30% reduction in energy usage within their facilities by the year 2020.

3. The U.S. Marine Corps Reserve (USMCR) requested the Board to review three projects on their LRCP, one of which was recommended for possible joint construction, the MCRC in Brooklyn.

2. Possible joint project -- Orangeburg

The NYARNG and USAR have indicated the need for a new facility in Orangeburg, Rockland County. The NYARNG has a current facility in Orangeburg with a total of 14 acres that is undersized for the assigned units.
