

# **2010 BOARD MEETING MINUTES OF THE JOINT SERVICE RESERVE COMPONENT FACILITY BOARD (JSRCFB) NEW HAMPSHIRE**

## **A. CONVENING THE JSRCFB**

In accordance with DOD Directive 1225.07, dated 6 June 2001, Certified Current as of April 23, 2007 and per last years board recommended meeting format, the Board held its annual Joint Service RC Facility Board Meeting via audio conference at the Construction and Facility Management Office at 1 Minuteman Way, New Hampshire, at 10:00 am on **8 June 2010**. COL Vorce, NHARNG CFMO and JSRCFB Chair, summarized the board purpose as written in DoDI 1225.8, "The mission for the Joint Service Reserve Component Facility Board (JSRCFB) is to maximize usage of Reserve component land, facilities, and installations by promulgating joint use by two or more components. Additionally, the JSRCFB shall pursue opportunities for shared use with any Active components in their area."

## **B. ATTENDANCE**

Participants are authenticated by Attachment 1. In accordance with DOD Instructions 1225.8, the Board convened with representatives from the Marine Corps Reserves, Air National Guard, Army Reserve and Army National Guard residing in New Hampshire. Not in attendance, Navy Reserves. There is no Air Force Reserve unit presence in New Hampshire.

## **C. ACTION ON MINUTES OF PREVIOUS MEETINGS**

Minutes of the previous meeting held 18 June 2009 were accepted without change.

## **D. PROJECT SUMMARIES**

1. Number of projects reviewed:	10
2. Number recommended for joint construction:	1
3. Number recommended for unilateral construction:	9
4. Number not recommended for construction:	0

## **E. PROJECT LISTING**

See Attachment 2, Project Listing. COL Vorce asked for each component to describe their projects. MAJ Mozzoni from the NH Air National Guard (NHANG) described 4 projects. Mr. Lohan from the US Army Reserves (USAR) described 1 project. Mr. Ellis from Marine Corps Reserves had no projects. COL Vorce described 5 projects the NHARNG has on its Long Range Construction Plan (LRCP) and in the FYDP.

## **F. PROJECT RECOMMENDATIONS**

1. NHANG-Replacement of small arms range Project #SZCQ099014, Replacement of Squadron Operations Facility Project #SZCQ089023, Construction of ATC Squadron Operations Facility Project # SZCQ0990004 and Construction of Fuel Cell Hanger Proj. # SZCQ109037, all unique to the Air Guard and none of the other Components has requirements for facilities of these types. Recommended **unilateral construction**.

2. USAR-Replacement of a Keene facility, project #12246 currently #14 on their priority list for Construction. They expect funding in FY 2018 to FY 2020. Current facility is undersized and does not have the land to expand. Proposed new construction would provide 26,000 SF of unit space and 4,800 SF of shop space and 761 SF of storage space for the 220<sup>th</sup> Transportation Company. COL Vorce noted NHARNG also has programmed to build a Readiness Center in Keene that will replace its old and undersized facility that also has limited land use. NHARNG project #330056 accommodates two units, C/3-172 IN and 114 PAD. He suggested the project be combined and considered joint construction. Mr. Sargent, NHARNG Master Planner, to share project data with Mr. Lohan. Board members recommend **joint construction**.
3. NHARNG- Design is almost complete of the Pembroke, RTI. Construction to start in FY 2011. The RTI was previously designated as unilateral due to unique use of facility.
4. NHARNG-A Real Estate Action Plan (REAP) has been sent to NGB requesting 28,000 acres of training site land, project #330015. LTC Maldonado stated the NHARNG has a new Commander and noted his motivation to make this happen. COL Vorce asked for any components that have an interest to contact NHARNG with their requirements and they will be brought forward with request. No joint construction recommendations were made at this time by the other components, project will be considered **unilateral acquisition**.
5. NHARNG-Replacement of Manchester Field Maintenance Shop (FMS) project #330019 is programmed on FYDP 2015. The project was previously voted **unilateral construction** due to the fact that other branches had adequate facilities and the proposed location was not favorable.
6. NHARNG- Replace existing Readiness Center in Manchester, project # 330043 also has a top priority on the Long Range Construction Plan because construction is desired to coincide with the FMS (330019) project and be collocated. Funding expected in FY2016 or FY2017. COL Vorce asked Mr. Lohan if the Army Reserves were happy with their facility in Londonderry, drawing conclusions that they may want to consider the Manchester RC construction jointly due to its close proximity. Mr. Lohan replied that the facility is tight and force structure will remain but at this time no calculations were made to determine allowance deficit. Mr. Lohan and Mr. Sargent will review unit allowances to determine interest in Joint construction. Previously voted **unilateral construction** due to the fact that other branches had adequate facilities and the proposed location was not favorable.
7. COL Vorce mentioned another project on NHARNG LRCP was to replace Portsmouth RC #330075. This project was previously voted to be **unilateral construction** due to the fact that other branches had adequate facilities and the proposed locations were not favorable.
