

DISCUSSION OF EACH PROJECT

PROJECT NO: D (4) FANG Jacksonville, Fl
CONGRESSIONAL DISTRICT #6
PROJECT TITLE: Construct Mission Support Group and Dining Facility – Florida Air National Guard Base, Jacksonville International Airport

DESCRIPTION: Construct 27,000 SF mission support group and dining facility to replace existing undersized facility. Existing facilities are not adequately sized or configured to meet current mission tasking. An adequately sized and properly configured facility is required to consolidate support functions that are currently spread over the base. A dining hall that is sized and arranged to efficiently feed the trainees and train the services function of the traditional guard forces is necessary. The Mission Support function is spread out throughout the base and is grossly undersized. This creates a less than desirable working environment and much inefficiency.
LSGA 129001
Estimated Cost \$7.5M

ALTERNATES: Continue to use inadequate space for Mission Support Group and Dining Facility operations. # 4 Priority

RECOMMENDED: (X) UNILATERAL or () JOINT CONSTRUCTION

RATIONALE: Required by ANG Base Master Plan to correct space deficiencies, alleviate overcrowded working conditions and provide adequate support for Air Force assets.

COORDINATING NOTES: Open to joint effort. No other component has requirement at this time.

VALIDATED: YEA X NAY _____ DATE OF JSRCFB ACTIONS 26 Jan 12
REVALIDATED: YEA X NAY _____

DISCUSSION OF EACH PROJECT

PROJECT NO: D (5) FANG Jacksonville, Fl

CONGRESSIONAL DISTRICT #6

PROJECT TITLE: Replace Fire Station Facility – Florida Air National Guard Base,
Jacksonville International Airport

DESCRIPTION:

Construct 17,000 SF fire station to replace existing undersized temporary facility located inside the base. This includes apparatus bays, storage space, extinguisher maintenance shop, kitchen and dining area, control room, emergency operations center, classrooms, administrative areas, and bunk rooms.

LSGA 019179
Estimated Cost \$9.3M

ALTERNATES:

Continue to use inadequate space for crash, fire, and rescue operations.

RECOMMENDED: (X) UNILATERAL or () JOINT CONSTRUCTION

RATIONALE:

Required by ANG Base Master Plan to correct space deficiencies, alleviate overcrowded living and working conditions and provide adequate protection for Air Force assets. Existing temporary facility is not located at the flight line.

COORDINATING NOTES:

Open to joint effort. No other component has requirement at this time.

DISCUSSION OF EACH PROJECT

PROJECT NO: E (1)

CONGRESSIONAL DISTRICT #8

PROJECT TITLE: National Guard Readiness Center – Immokalee

NGB PROJECT NO: 120175

DESCRIPTION:

This project consists of a new Readiness Center for the 856th Quarter Master Company. This facility will provide 49,585 SF of primary administrative space for offices, assembly area, training, and storage areas for approximately 152 personnel. Outside supporting facilities include military and POV parking, fencing, sidewalks, access roads, facility sign, vehicle wash platform, fuel storage & dispensing system and flagpole. Physical security measures for antiterrorism and force protection will be incorporated into design including maximum feasible standoff distances. Energy conservation measures will also be incorporated into design where feasible. The total area requested is the minimum essential space required to support using units combat readiness objectives.

This project is proposed on 26.41 acres.

Federal Cost - \$15,970,000.00

ALTERNATES:

Continue using inadequate facilities.

RECOMMENDED: () UNILATERAL or (X) JOINT CONSTRUCTION

RATIONALE:

Original federally funded lease for four year period to allow for project design and development.

COORDINATING NOTES:

Open to Joint Effort.

CONGRESSIONAL DISTRICT #8

PROJECT TITLE: National Guard Readiness Center – Gainesville

NGB PROJECT NO: 120178

DESCRIPTION:

This project consists of a new Readiness Center for the A/146TH Signal Company. This facility will provide 48,945 SF of primary administrative space for offices, assembly area, training, and storage areas for approximately 158 personnel. Outside supporting facilities include military and POV parking, fencing, sidewalks, access roads, facility sign, vehicle wash platform, fuel storage & dispensing system and flagpole. Physical security measures for antiterrorism and force protection will be incorporated into design including maximum feasible standoff distances. Energy conservation measures will also be incorporated into design where feasible. The total area requested is the minimum essential space required to support using units combat readiness objectives.

This project is proposed on 27.11 acres.

Current Working Estimate (CWE) - \$14,350,000.00

ALTERNATES:

Continue using inadequate facilities.

RECOMMENDED: () UNILATERAL or (x) JOINT CONSTRUCTION

RATIONALE:

Original federally funded lease for four year period to allow for project design and development.

COORDINATING NOTES:

Open to joint effort. #2on LRCP, not on FYDY.

CONGRESSIONAL DISTRICT #8
PROJECT TITLE: National Guard Readiness Center – Orlando
NGB PROJECT NO: 120103

DESCRIPTION:

This project consists of a new Readiness Center for the FLARNG General Officer Command Headquarters of 164th ADA Bde. This facility will provide 45,259 SF of primary administrative space for offices, assembly area, training and storage areas for approximately 106 personnel. Outside supporting facilities include military and POV parking, fencing, sidewalks, access roads, facility sign, vehicle wash platform, fuel storage & dispensing system and flagpole. Physical security measures for antiterrorism and force protection will be incorporated into design including maximum feasible standoff distances. Energy conservation measures will also be incorporated into design where feasible. The total area requested is the minimum essential space required to support using units combat readiness objectives. This project is proposed on 15 acres of Federal land conveyed to the FLARNG from BRAC located on McCoy Annex, Orlando Naval Training Center (NTC).
 Current Working Estimate \$20,280,000.00

ALTERNATES: Continue using inadequate facilities.

RECOMMENDED: () UNILATERAL or (X) JOINT CONSTRUCTION

Rationale: Original federally funded lease for four year period to allow for project design and development.

COORDINATING NOTES: Open to Joint.

PROJECT NO: E (4)
CONGRESSIONAL DISTRICT #8
PROJECT TITLE: Field Maintenance Shop – Orlando
NGB PROJECT NO: 120122A

DESCRIPTION:

This project consists of a new Field Maintenance Shop to replace existing temporary facility located in Titusville, Florida. Existing facility consists of three work bays and approximately 7,088 SF of shop space with administrative work area. The activity is currently authorized with technicians and requires four work bays and allied trades work areas consisting of approximately 12,058 SF of shop area.

Project is collocated with Project E (5) on McCoy Annex, Naval Training Center, Orlando, Florida.

Federal Cost - \$5,850,000

ALTERNATES:

Continue using inadequate facilities.

RECOMMENDED: () **UNILATERAL** or (X) **JOINT CONSTRUCTION**

RATIONALE:

Original federally funded lease for four year period to allow for project design and development.

Original lease dates back to 1993.

COORDINATING NOTES:

**USAR to validate demographic and location requirements to FLARNG.

DISCUSSION OF EACH PROJECT

PROJECT NO: F (1) **USNR MILCON PROJECT – Drill Hall, Pensacola, FL**

CONGRESSIONAL DISTRICT

PROJECT TITLE: Navy Reserve Drill Hall, Pensacola, FL

PROJECT NO: P790

DESCRIPTION:

Construct drill hall as permanent facility to supplement space at renovated site of Navy Operational Support Center Pensacola in support of its move in FY9 /10 from Saufley Field into existing facility, building 781-O which is due for renovation in FY 09.

Drill hall is a required facility under new UFC 4-171-06N March 2009. New hall will include a 7535 SF (700 square meter) training and assembly building and is expected to be funded for FY2011 construction.

P979
\$1.840 FY2015

ALTERNATES:

Original options for drill hall included use of existing auditorium space onboard NAS Pensacola. Scheduling and use of these spaces was determined too difficult due to tempo of training evolutions and graduations for the many supported aviation commands onboard NAS Pensacola.

RECOMMENDED: () **UNILATERAL** or () **JOINT CONSTRUCTION**

RATIONALE: Location at this site provides an optimum training platform for the NOSC. Movement from Saufley Field is required due to Navy Enhanced Use Lease of OLF Saufley beginning in FY
