**ARMY RESERVE**

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** B1

**CONGRESSIONAL DISTRICT** Site has not been identified.

**PROJECT TITLE:** Armed Forces Reserve Center/AMSA

**USAR PROJECT NO:** 79353

**DESCRIPTION:**

Construct a 600 man Armed Forces Reserve Center/AMSA in Miramar, FL. Estimated cost is 28.1 million dollars. Primary project scope includes an approx 70,300 SF Training Building, an approx 20,500 SF Maintenance Building, and an approx 4,500 SF Unheated Storage Building. Project will include all supporting facilities such as Privately Owned Vehicle (POV) parking, Military Equipment Parking (MEP), Wash Rack, security fencing, and access roads. All site utilities and communication requirements will be provided. The project will house all units currently in USAR Facilities FL003 (Ft. Lauderdale), FL017 (Miami), FL134 (Miami).  
Estimated cost: \$28.1 M FYDP 2018

**ALTERNATES:**

Renovation of existing – Not feasible or economical due to size, age, location, configuration and lack of expansion room at existing facilities.

Other – There are no other facilities in the immediate area that would suffice for this purpose.

**RECOMMENDED:** ( ) UNILATERAL or ( X ) JOINT CONSTRUCTION

**RATIONALE:**

Age of facilities exceeds normal facility life cycle. Existing facilities are inadequate and do not meet current design criteria. Adequate real estate for AT/FP requirements is not available.

**COORDINATING NOTES:**

This project was briefed to the Army Reserve Construction Requirements Review Committee (CRRC) in Nov 2012. Project land requirement estimated at 17AC. Miramar FL has been discussed with FLARNG as possible site. FLARNG requested a copy of the 1390/91.

**DATE OF JSRCFB ACTIONS**

<b>VALIDATED:</b>	YEA	<u>X</u>	NAY	_____	28 JAN 10	26 JAN 12	31 JAN 13
<b>REVALIDATED:</b>	YEA	<u>X</u>	NAY	_____	27 JAN 11		

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** B2

**CONGRESSIONAL DISTRICT** Site has not been identified.

**PROJECT TITLE:** ECS / AMSA/ WAREHOUSE

**USAR PROJECT NO:** 12641

**DESCRIPTION:**

Construct an ECS/ AMSA/ Warehouse in central Florida. Estimated cost is 36.1 million dollars. Primary project facilities will include approx 162,000 SY of Military Equipment Parking, an approx 48,000 SF Maintenance Building, and an approx 58,000 SF Warehouse. Project will provide all supporting facilities such as Privately Owned Vehicle (POV) Parking, Wash Rack, Security Fencing, and access roads. All site utilities and communication requirements will be provided. The project will provide new facilities (ECS/Warehouse) and replace existing AMSA 50G (FL125) located in Orlando.

**Estimated cost: \$36.1 M FYDP: UNP**

**ALTERNATES:**

Renovation of existing – Not feasible or economical due to size and location of existing facilities and lack of available real estate for expansion.  
Other – There are no other facilities in the immediate area that would suffice for this purpose. Air Conditioned to store and repair service. Excessive distance to go.

**RECOMMENDED:** ( ) UNILATERAL or ( X ) JOINT CONSTRUCTION

**RATIONALE:**

Existing facilities and real estate cannot meet the needs of a collocated ECS/AMSA/Warehouse.

**COORDINATING NOTES:**

This project was briefed to the Army Reserve Construction Requirements Review Committee (CRRC) in November 2012. This project land of requirement estimated at 45AC. FLARNG stated that the Master Plan at Camp Blanding Joint Training Center can't support this project but would like an opportunity to go joint in Orlando. Presently the USAR is having to travel excessive distance for storage and equipment repair.

**DATE OF JSRCFB ACTIONS**

<b>VALIDATED:</b>	YEA	<u>X</u>	NAY		28 JAN 10	27 JAN 11	26JAN12

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** B3

**CONGRESSIONAL DISTRICT** Site has not been identified.

**PROJECT TITLE:** AVIATION SUPPORT FACILITY, CLEARWATER FL

**USAR PROJECT NO:** 71929

**DESCRIPTION:**

Construct an Aviation Support Facility in Clearwater FL. Estimated cost is 54.466 million dollars.

Estimated cost: \$54,466 M FYDP: FY16

**ALTERNATES:**

Renovation of existing – Project will include both construction of new facilities and renovation of existing.  
Other – There are no other facilities in the immediate area that would suffice for this purpose.

**RECOMMENDED:** ( ) UNILATERAL or ( X ) JOINT CONSTRUCTION

**RATIONALE:**

Existing facilities cannot meet requirements for new mission. Clearwater site slated to receive new squadron of MEDEVAC helicopters. One squadron in Clearwater area has 12/15 airplanes that will arrive in spring, 2013

**COORDINATING NOTES:**

This project was on the FYDP for FY2015 but has slipped to FY2016. This project was briefed to the Army Reserve Construction Requirements Review Committee (CRRC) in November 2012. FLARNG expressed there is a possible joint opportunity in Immokalee. Project changed from **Unilateral to Joint Construction.**

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** B4

**CONGRESSIONAL DISTRICT** Site has not been identified.

**PROJECT TITLE:** Army Reserve Center

**USAR PROJECT NO:** 12636

**DESCRIPTION:**

Construct a 300 member Army Reserve Center in the Orlando FL area. Estimated cost is 15.68 million dollars. Primary project scope will include an approx 44,000 SF Training Building, an approx 9,900 SF Maintenance Building, and an approx 2,200 SF Unheated Storage Building. Project will provide all supporting facilities such as Military Equipment Parking (MEP), Privately Owned Vehicle (POV) parking, Wash Rack, security fencing, and access roads. All site utilities and communication requirements will be provided. The project will house all units currently in USAR facility FL021 (Orlando) and units housed in leased space.

Estimated cost: \$15.68 M FYDP: UNP

**ALTERNATES:**

Renovation of existing – Not feasible or economical due to size, age, location, available real estate, and configuration.

Other – There are no other facilities in the immediate area that would suffice for this purpose.

**RECOMMENDED:** ( ) UNILATERAL or ( X ) JOINT CONSTRUCTION

**RATIONALE:** Age of facilities exceeds normal facility life cycle. Facilities are totally inadequate and do not meet current design criteria. Adequate real estate for AT/FP requirements is not available.

**COORDINATING NOTES:** This project was briefed to the Army Reserve Construction Requirements Review Committee (CRRC) in November 2012. Project land requirement estimated at 15AC. This project changed from **Unilateral to Joint Construction**.

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** D (1) FANG Jacksonville, Fl

**CONGRESSIONAL DISTRICT** #6

**PROJECT TITLE:** Replace Fire Station Facility – Florida Air National Guard Base,  
Jacksonville International Airport

**DESCRIPTION:**

Construct 17,000 SF fire station to replace existing undersized temporary facility located inside the base. This includes apparatus bays, storage space, extinguisher maintenance shop, kitchen and dining area, control room, emergency operations center, classrooms, administrative areas, and bunk rooms.

LSGA 019179  
Estimated Cost \$9.3M  
Priority #1

**ALTERNATES:**

Continue to use inadequate space for crash, fire, and rescue operations.

**RECOMMENDED:** ( X ) UNILATERAL or ( ) JOINT CONSTRUCTION

**RATIONALE:**

Required by ANG Base Master Plan to correct space deficiencies, alleviate overcrowded living and working conditions and provide adequate protection for Air Force assets. Existing temporary facility is not located at the flight line.

**COORDINATING NOTES:**

Open to joint effort. No other component has requirement at this time.

**1DISCUSSION OF EACH PROJECT**

**PROJECT NO:** D (2) FANG Jacksonville, Fl

**CONGRESSIONAL DISTRICT** #6

**PROJECT TITLE:** Construct Munitions Storage Igloos and Administration Building – Florida Air National Guard Base, Jacksonville International Airport

**DESCRIPTION:**  
Construct 12,200 SF earth covered concrete munitions storage igloos and 4,200 SF earth covered concrete missile maintenance bays within the existing munitions complex. Construct 3,450 SF administration building within the existing munitions complex.  
LSGA 099002  
Estimated Cost \$6.0M

**Priority #2**

**ALTERNATES:**  
Continue to use inadequate space for munitions storage and administration functions.

**RECOMMENDED:** ( X ) UNILATERAL or ( ) JOINT CONSTRUCTION

**RATIONALE:**  
Required by ANG Base Master Plan to correct Administrative, training support, and space limitations. On the job training and maintenance are difficult under the existing conditions. Lack of adequate space directly impacts the unit's capability to support the alert mission.

**COORDINATING NOTES:** Open to joint effort. No other component has requirement at this time.

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** D (5) FANG Jacksonville, Fl  
**CONGRESSIONAL DISTRICT** #6  
**PROJECT TITLE:** Construct Mission Support Group and Dining Facility – Florida Air National Guard Base, Jacksonville International Airport

**DESCRIPTION:**  
Construct 27,000 SF mission support group and dining facility to replace existing undersized facility. Existing facilities are not adequately sized or configured to meet current mission tasking. An adequately sized and properly configured facility is required to consolidate support functions that are currently spread over the base. A dining hall that is sized and arranged to efficiently feed the trainees and train the services function of the traditional guard forces is necessary. The Mission Support function is spread out throughout the base and is grossly undersized. This creates a less than desirable working environment and much inefficiency.  
LSGA 129001  
Estimated Cost \$7.5M **Priority #5**

**ALTERNATES:**  
Continue to use inadequate space for Mission Support Group and Dining Facility operations.

**RECOMMENDED:** ( X ) **UNILATERAL** or ( ) **JOINT CONSTRUCTION**

**RATIONALE:**  
Required by ANG Base Master Plan to correct space deficiencies, alleviate overcrowded working conditions and provide adequate support for Air Force assets.

**COORDINATING NOTES:** Open to joint effort. No other component has requirement at this time.

**FLORIDA ARMY  
NATIONAL GUARD**

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** E (1)

**CONGRESSIONAL DISTRICT** #6

**PROJECT TITLE:** Armed Forces Readiness Center (AFRC) – Palm Coast/Flagler County

**NGB PROJECT NO:** 120173A

**DESCRIPTION:**

This project will move the AFRC from Daytona Beach, Volusia County to Palm Coast – Flagler County due to lack of suitable property. This project was designed for a new Armed Forces Readiness Center for the FLARNG, Headquarters Battery, 1-265<sup>th</sup> ADA, Battery C 1-265<sup>th</sup> ADA, 1-265<sup>th</sup> Ordnance Detachment, and the USAR 194<sup>th</sup> Transportation Detachment. This facility will provide 74,232(+) SF of primary administrative space for offices, assembly area, training, and storage areas for approximately 269 personnel. Outside supporting facilities include military and POV parking, fencing, sidewalks, access roads, facility sign, vehicle wash platform, and flagpole. Physical security measures for anti-terrorism and force protection will be incorporated into design including maximum feasible standoff distances. The minimum essential space required to support using unit’s combat readiness. Proposed project is on a parcel with 35 buildable acres. The property is located in Flagler County (Flagler Airport, Palm Coast). The proposed facility is over 98% design complete.

Federal Cost - \$25,000,000.00

**ALTERNATES:**

Renovation of Existing – Not feasible or economical due to size, age, location, available real estate, and configuration. License expires 31 Dec 2013. There are no other facilities in the immediate area that would suffice for this purpose and a long term lease renewal is not acceptable to the property owner.

**RECOMMENDED:** ( ) UNILATERAL or ( X ) JOINT CONSTRUCTION

**RATIONALE:**

The current facility is a converted Navy Reserve Center, constructed in 1965. The facility is inadequate in all areas and does not meet current criteria, nor is there adequate real estate to accommodate MOV & POV parking. All current working systems are also inadequate creating a high risk of life/safety conditions. Also, the encroachment of development and water management requirements has eliminated renovations as an alternative. Readiness will continue to degrade if project is not accomplished.

**COORDINATING NOTES:**

This project originally was designed to be constructed jointly with the USAR. The USAR stated it was not cost effective and has determined not to be a part of this joint project. This project will stay “JOINT CONSTRUCTION” and is open to all components.

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** E (2)

**CONGRESSIONAL DISTRICT** #25

**PROJECT TITLE:** National Guard Readiness Center – Immokalee/Collier County

**NGB PROJECT NO:** 120175A

**DESCRIPTION:**

This project consists of a new Readiness Center for the 856<sup>th</sup> Quarter Master Company. This facility will provide 49,585 SF of primary administrative space for offices, assembly area, training, and storage areas for approximately 152 personnel. Outside supporting facilities include military and POV parking, fencing, sidewalks, access roads, facility sign, vehicle wash platform, fuel storage & dispensing system and flagpole. Physical security measures for antiterrorism and force protection will be incorporated into design including maximum feasible standoff distances. The total area requested is the minimum essential space required to support using units combat readiness objectives. This project is proposed on 26.41 acres.

Federal Cost - \$15,970,000.00

**ALTERNATES:**

Continue to use inadequate facilities. There are no other facilities in the immediate area that would suffice for this purpose and a long term lease renewal is not acceptable due to the availability of future lease dollars.

**RECOMMENDED:** ( ) UNILATERAL or ( X ) JOINT CONSTRUCTION

**RATIONALE:**

Original federally funded lease for four year period to allow for project design and development.

**COORDINATING NOTES:**

Open to Joint Effort. FLARNG #2 LRCP.

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** E (3)

**CONGRESSIONAL DISTRICT** #5

**PROJECT TITLE:** National Guard Readiness Center – Gainesville /Alachua County

**NGB PROJECT NO:** 120178A

**DESCRIPTION:**

This project consists of a new Readiness Center for the A/146<sup>TH</sup> Signal Company. This facility will provide 48,945 SF of primary administrative space for offices, assembly area, training, and storage areas for approximately 158 personnel. Outside supporting facilities include military and POV parking, fencing, sidewalks, access roads, facility sign, vehicle wash platform, fuel storage & dispensing system and flagpole. Physical security measures for antiterrorism and force protection will be incorporated into design including maximum feasible standoff distances. The total area requested is the minimum essential space required to support using units combat readiness objectives. This project is proposed on 27.11 acres.

Current Working Estimate (CWE) - \$14,350,000.00

**ALTERNATES:**

Continue to use inadequate facilities. There are no other facilities in the immediate area that would suffice for this purpose, and a long term lease renewal is not acceptable due to the availability of future lease dollars.

**RECOMMENDED:** ( ) UNILATERAL or ( x ) JOINT CONSTRUCTION

**RATIONALE:**

Original federally funded lease for four year period to allow for project design and development.

**COORDINATING NOTES:**

Open to joint effort. **FLARNG #3 LRCP.**

26 JAN 12    31 JAN 13

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** E (4)

**CONGRESSIONAL DISTRICT** #3

**PROJECT TITLE:** Special Forces Centric Training Compound – Camp Blanding Joint Training Center (CBJTC)

**NGB PROJECT NO:** 120208

**DESCRIPTION:**

This project consists of a 169,559 square foot complex of primary administrative space for offices, assembly area, training, and storage areas for approximately 285 personnel. Outside supporting facilities include military and POV parking, fencing, sidewalks, access roads, facility sign, vehicle wash platform, fuel storage & dispensing system and flagpole. Physical security measures for antiterrorism and force protection will be incorporated into design including maximum feasible standoff distances. The total area requested is the minimum essential space required to support using units combat readiness objectives.

Federal Cost - \$41,930,000

**ALTERNATES:**

Continue using inadequate facilities. There are no other facilities in the immediate area that would suffice for this purpose.

**RECOMMENDED:** ( X ) UNILATERAL or ( ) JOINT CONSTRUCTION

**RATIONALE:**

This unit is currently housed in an annex of several simple block buildings that constitute less than 11% of its authorization. This composite annex is inadequate to fully support the unit due to the lack of adequate class rooms and training area, equipment storage, administrative space, drill hall space, kitchen, and locker rooms. Moreover, the current annex lacks several facilities that support this specialized unit's unique training requirements associated with parachutes, weapons, scuba, simulations, and vehicles.

**COORDINATING NOTES:**

FLARNG # 4 LRCP.

31 JAN 13

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** E (5)

**CONGRESSIONAL DISTRICT** #3

**PROJECT TITLE:** Operational Readiness Training Complex Phase I – Camp Blanding Joint Training Center (CBJTC)

**NGB PROJECT NO:** 120217

**DESCRIPTION:**

This project consists of Phase I of a multi-phased project for a Brigade Training Complex. The new facility will allow Brigade size element to train at Camp Blanding Joint Training Center (CBJTC). The facility will provide modern efficient facilities that will enhance the readiness postures of the units training at CBJTC.

Current Working Estimate \$10,000,000.00

**ALTERNATES:**

Continue using inadequate facilities. Renovation of Existing – Not feasible, no facilities available at the installations.

**RECOMMENDED:** ( x ) UNILATERAL or ( ) JOINT CONSTRUCTION

**RATIONALE:**

Currently CBJTC does not have the required facilities to house, feed, and train Brigade size elements. Currently CBJTC improvises to meet the requirements by renting large circus type tents for billeting and administrative functions, latrine and shower trailers, generators and light stands. The cost is borne by OPTEMPO funds.

**COORDINATING NOTES:**

**FLARNG #5 LRCP.** This Complex is built in the Master Plan for CBJTC and will support over 500 soldiers.

**DATE OF JSRCFB ACTIONS**

**VALIDATED:** YEA  X  NAY \_\_\_\_\_  
**REVALIDATED:** YEA  X  NAY \_\_\_\_\_

31 JAN 13

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** E (6)

**CONGRESSIONAL DISTRICT** #20

**PROJECT TITLE:** West Palm Beach AFRC Organizational Parking Expansion/Fencing – West Palm Beach AFRC

**NGB PROJECT NO:** 120212

**DESCRIPTION:**

This project consists of expand the current organizational parking to accommodate the unit's motor pool equipment.

Current Working Estimate \$3,412,000.00

**ALTERNATES:**

Continue using inadequate motor pool facilities.

**RECOMMENDED:** ( X ) UNILATERAL or ( ) JOINT CONSTRUCTION

**RATIONALE:**

The existing organizational parking is inadequate to accommodate the unit's equipment. Tractors are being stored off site and trailers are stacked three high creating unsafe conditions to the soldiers. There is no room to operate the equipment safely on site.

**COORDINATING NOTES:**

FLARNG #5 LRCP.

31 JAN 13

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** E (7)

**CONGRESSIONAL DISTRICT** #3

**PROJECT TITLE:** Army National Guard Unmanned Aircraft System – Camp Blanding Joint Training Center (CBJTC)

**NGB PROJECT NO:** 120225

**DESCRIPTION:**

This project is to provide an Unmanned Aircraft System Operating Facility (UASOF), of concrete masonry type construction to serve the training missions of the using units. The space will permit modern, cost-effective, energy efficient training and sustainment operations that will improve the unit's readiness posture.

Current Working Estimate \$5,036,000.00

**ALTERNATES:**

Continue using inadequate facilities. Renovation of Existing – Not feasible, no facilities available at the installations to meet mission requirements.

**RECOMMENDED:** ( X ) UNILATERAL or ( ) JOINT CONSTRUCTION

**RATIONALE:**

There is no existing space at the airfield to house the UAS or the assigned personnel. The unit will need a runway and training space to properly train for their mission. The UAS must be operated in military "restricted" airspace and CBJTC has the available space.

**COORDINATING NOTES:**

FLARNG #7 LRCP. New Requirement.

**DATE OF JSRCFB ACTIONS**

**VALIDATED:** YEA  X  NAY \_\_\_\_\_  
**REVALIDATED:** YEA  X  NAY \_\_\_\_\_

31 JAN 13

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** E (8)

**CONGRESSIONAL DISTRICT** #13

**PROJECT TITLE:** Civil Support Team Ready Building – St. Petersburg/Pinellas Park

**NGB PROJECT NO:** 120195

**DESCRIPTION:**

This project is to construct a 15,191 SQFT Ready Building that supports training, administrative, and logistical requirements for the ARNG. A ready building is required to provide this unit with adequate administrative, supply and vehicle storage space in order to support the State of Florida first responders in case of chemical, biological, radiological or nuclear attack.

Current Working Estimate \$5,7000,000.00

**ALTERNATES:**

Renovation of Existing – Not feasible or economical due to size, age, location, available real estate, and configuration.

Other – There are no other facilities in the immediate area that would suffice for this purpose and a long term lease renewal is not acceptable to meet mission requirements.

**RECOMMENDED:** ( ) UNILATERAL or ( X ) JOINT CONSTRUCTION

**RATIONALE:**

The unit is currently operational. The unit is using a leased airplane hangar. ATRP cannot be achieved in a commercial air center. There are no existing ARNG facilities in the state to accommodate this unit and ready equipment.

**COORDINATING**

**NOTES:** FLARNG #8 LRCP. Open to Joint efforts

**REVALIDATED:** YEA  X  NAY \_\_\_\_\_

31 JAN 13

**UNITED STATES**

**NAVY RESERVE**

**DISCUSSION OF EACH PROJECT**

**PROJECT NO:** F (1) **USNR MILCON PROJECT – Drill Hall, Pensacola, FL**

**CONGRESSIONAL DISTRICT**

**PROJECT TITLE:** Navy Reserve Drill Hall, Pensacola, FL

**PROJECT NO:**

**DESCRIPTION:**

Construct drill hall as permanent facility to supplement space at renovated site of Navy Operational Support Center Pensacola in support of its move in FY9 /10 from Saufley Field into existing facility, building 781-O which is due for Renovation in FY 09.

Drill hall is a required facility under new UFC 4-171-06N March 2009. New hall will include a 7535 SF (700 square meter) training and assembly building and is not programmed. Will be submitted for POM 16.

(P797)  
(\$9,770) FY2016

**ALTERNATES:**

Original options for drill hall included use of existing auditorium space onboard NAS Pensacola. Scheduling and use of these spaces was determined too difficult due to tempo of training evolutions and graduations for the many supported aviation commands onboard NAS Pensacola.

**RECOMMENDED:** (X) **UNILATERAL** or ( ) **JOINT CONSTRUCTION**

**RATIONALE:**

Location at this site provides an optimum training platform for the NOSC. Movement from Saufley Field is required due to Navy Enhanced Use Lease of OLF Saufley beginning in FY
