C. ACTION ON MINUTES OF PREVIOUS MEETINGS

Previous meeting minutes dated 28 August 2012 were available.

D. PROJECT SUMMARIES

1. Number of projects reviewed: 17
  - Air Force Reserve – 1
  - Air National Guard – 3
  - Army National Guard – 9
  - U.S. Army Reserve – 4
  - U.S. Marine Corps Reserve - 0
2. Number recommended for joint construction: 0
3. Number recommended for unilateral construction: 17
4. Number not recommended for construction: 0

E. PROJECT LISTING - See attached DD Form 2162s and Project List

F. PROJECT RECOMMENDATIONS

1. All representatives described their current projects. There were 4 new projects added to the list from 2013 to 2014.

2. No projects for possible joint construction, so none are identified for joint on the individual component project lists.

3. The projects for unilateral construction are identified on the project list. There are no common or shared interests at these locations with the various reserve components.

4. The USMCR removed all three of their projects validated last board from the list. HIANG added 2 new projects, AFR added 1 new project and USAR added 1 new project and removed 1 project on the 2013 Project List to be boarded with the Alaska JSRCFB.

G. OTHER BUSINESS

All representatives were in agreement to hold the next annual JSRCFB in March 2014.

H. NEXT MEETING

The next annual meeting will be on March 12, 2014, 0900 hrs, location to be determined. The AFR will chair the next meeting.

I. ADJOURNMENT

The meeting adjourned at 1000 hours, Hawaii Standard Time.

J. AUTHENTICATION

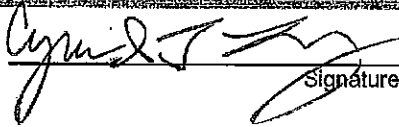

Signatures on the attached JSRCFB 2014 Board Membership authenticate the minutes.

In addition, the clear water rinse facility is only used at the end of the day to rinse aircraft whereas the solar energy is being constantly produced. This equates to a disproportionate production versus demand ratio.				e.

**7. JSRCFB RECOMMENDATION (Use additional sheets if necessary)**

Project recommended for unilateral use.

**INSTRUCTIONS**

**Item 1. State.** Enter state in which project is proposed.

**Item 2. JSRCFB Meeting Date.** List the year, month and day on which the Joint Service Reserve Component Facility Board met to recommend appropriate action to satisfy facility requirement which generated the proposed project.

**Item 3. Proposed Project.** List the title of the proposed project, as it would appear on the DD Form 1390s and DD Form 1391.

**Item 4. Project Location.** List the town/installation and county/parish where the proposed project will be located.

**Item 5. Nearest 6 Existing or Programmed Facilities, etc.** The information contained in this item is for existing as well as for Reserve component projects programmed for execution in the current and the following 5 fiscal years military construction programs. Items of information are to be presented as follows:

(1) LOCATION	(2) COMPONENTS	(3) CAPACITY	(4) SIZE	(5) UTILIZATION	(6) YEAR CONSTRUCTED	(7) AUTHORIZED STRENGTH	(8) ASSIGNED STRENGTH	(9) ACREAGE	(10) MILEAGE

**Item 5. (Continued)**

**(1) Location.** List the location of the facility, including county/parish.

**(2) Components.** The military components located at the facility, e.g. Active Army, Air National Guard, etc., should be indicated. Use accepted abbreviations, e.g. ARNG, ANG. It is not intended to list units.

**(3) Capacity.** Show the capacity of the facility, e.g. 200 Person Armory.

**(4) Size.** Show the size of the facility in gross square feet.

**(5) Utilization.** Show the actual utilization for the Reserve components training at the facility, e.g. 2 Weekends/Mo.

**(6) Year Constructed.** Indicate the year an existing facility was constructed, including dates of any Federally funded additions. If currently not existing, shown the year it is planned by the component for construction.

**(7) Authorized Strength.** Show the authorized strength for each Reserve component at the facility.

**(8) Assigned Strength.** Show the assigned strength for each Reserve component at the facility.

**(9) Acreage.** Show the acreage on which the facility is located or the amount of acreage required/available if facility is planned but not yet constructed.

**(10) Mileage.** List the distance in miles to the proposed project.

**Item 6. Analyses of Facilities to Meet Requirement.** Each facility identified in Item 5 is to be addressed separately, e.g., 6.a. would be an analysis of 5.a. Each analysis will contain rationale for/against expansion/rehabilitation to accommodate the requirement. Specific data must be used. Generic terminology such as, "There will be a decrease in Recruitment/Retention if joint utilization is mandated," is unsatisfactory unless substantial facts are available to support such statements. If other Reserve components have a project identified within 5 years, explain why projects cannot be combined.

**Item 7. JSRCFB Recommendation.** Based on the information contained in Items 5 and 6, the appropriate recommendations of the entire JSRCFB should be indicated, with rationale shown for any dissenting position(s). The completed form will be retained by the project sponsor.

**6. ANALYSES OF FACILITIES TO MEET REQUIREMENT**

a.	Facility is undersized by 2500 SF and is fully utilized during drill weekends. 2010 AFRC Facility Operations Capability and Usage Survey (FOCUS) report recommends constructing additional space for training and to store high value assets.	d.
b.	Facility determined to be 30% undersized by 2010 AFRC FOCUS report. Report states the current space is dismal: administrative areas are crowded and storage is being accommodated in spaces designed for other purposes. Recommends constructing new addition to provide the full space authorization	e.
c.	Facility was downsized due to unforeseen foundation requirements for FY06 MILCON Project. Facility is undersized by 8,150 SF from original planned FY06 MILCON Project. 2010 AFRC FOCUS Report recommends constructing Facility Annex to provide classrooms, nursing service space, mobility training bag storage, aerospace medicine packaging, and storage space.	f.

**Item 2. JSRCFB Meeting Date.** List the year, month and day on which the Joint Service Reserve Component Facility Board met to recommend appropriate action to satisfy facility requirement which generated the proposed project.

**Item 3. Proposed Project.** List the title of the proposed project, as it would appear on the DD Form 1390s and DD Form 1391.

**Item 4. Project Location.** List the town/installation and county/parish where the proposed project will be located.

**Item 5. Nearest Existing or Programed Facilities, etc.** The information contained in this item is for existing as well as for Reserve component projects programed for execution in the current and the following 5 fiscal years military construction programs. Items of information are to be presented as follows:

(1) LOCATION	(2) COMPONENTS	(3) CAPACITY	(4) SIZE	(5) UTILIZATION	(6) YEAR CONSTRUCTED	(7) AUTHORIZED STRENGTH	(8) ASSIGNED STRENGTH	(9) ACREAGE	(10) MILEAGE
a. Filiti/Pontiac	ARNG/USAR	200 Person Armory	37,850	2 Weekends/Mo.	1955/ Addn 1971	200 ARNG 200 USAR	180 ARNG 80 USAR	11.5	7

**Item 5. (Continued)**

(1) **Location.** List the location of the facility, including county/parish.

(2) **Components.** The military components located at the facility, e.g. Active Army, Air National Guard, etc., should be indicated. Use accepted abbreviations, e.g. ARNG, ANG. It is not intended to list units.

(3) **Capacity.** Show the capacity of the facility, e.g. 200 Person Armory.

(4) **Size.** Show the size of the facility in gross square feet.

(5) **Utilization.** Show the actual utilization for the Reserve components training at the facility, e.g. 2 Weekends/Mo.

(6) **Year Constructed.** Indicate the year an existing facility was constructed, including dates of any Federally funded additions. If currently not existing, shown the year it is planned by the component for construction.

(7) **Authorized Strength.** Show the authorized strength for each Reserve component at the facility.

(8) **Assigned Strength.** Show the assigned strength for each Reserve component at the facility.

(9) **Acreage.** Show the acreage on which the facility is located or the amount of acreage required/available if facility is planned but not yet constructed.

(10) **Mileage.** List the distance in miles to the proposed project.

**Item 6. Analyses of Facilities to Meet Requirement.** Each facility identified in Item 5 is to be addressed separately, e.g., 6.a. would be an analysis of 5.a. Each analysis will contain rationale for/against expansion/rehabilitation to accommodate the requirement. Specific data must be used. Generic terminology such as, "There will be a decrease in Recruitment/Retention if joint utilization is mandated," is unsatisfactory unless substantial facts are available to support such statements. If other Reserve components have a project identified within 5 years, explain why projects cannot be combined.

**Item 7. JSRCFB Recommendation.** Based on the information contained in Items 5 and 6, the appropriate recommendations of the entire JSRCFB should be indicated, with rationale shown for any dissenting position(s). The completed form will be retained by the project sponsor.
