

Joint Service Reserve Component Facilities Board (JSRCFB) Meeting

Lt Col Edward Soto
JSRCFB Chairman
(907) 249-1381
eward.soto@elmendorf.af.mil

Agenda

- **Mission**
- **Purpose**
- **Authority**
- **Review of 2012 Minutes (Outstanding Issues)**
- **Review of Current RC MILCON (FYDP)**
- **Review of RC Long Range Construction Plans**
- **Nomination of Joint RC Construction/Use Projects**
- **Discussion of Agenda Items for the next meeting**

MISSION: To maximize usage of Reserve Component Land, Facilities, and Installations by promulgating Joint Use and Construction by two or more Reserve Components.

Purpose

BLUF: Identify Opportunities for Joint Construction/Use of Facilities

- Review and Validate Alaska's Reserve Component Military Construction (MILCON) Requirements / Identify “Potential” Joint Projects
- Establish and Maintain Communication Between Reserve Components / Encourage Pursuit of Best Opportunities for Joint Construction and Joint Use of DOD Facilities
- Achieve Common Levels of Support Across all Services
- Seek Service Budget Request and Congressional Support
- Leverage Scarce MILCON Resources
- Provide State of the Art Facilities for Reserve Components

Authority:

- **STATUTORY:** TITLE 10 U.S.C. 18231(2)
- **DIRECTIVE:** DoDD 1225.7
- **INSTRUCTION:** DoDI 1225.8
- **SERVICE INSTRUCTIONS/Regulations:**

Date

March 2004

6 Jun 2001

6 Sep 2001

ARMY

AR 135-9

30 OCT 06

AIR FORCE

AFI 32-1012

22 Jul 94

Review of FY12 Meeting Minutes (Outstanding Issues)

None

Current MILCON

ST	COMP	INSTALL	CITY	PROJECT	COST	DATE	FY	PROJ_NO	REMARKS
AK	ARNG	JBER	Anchorage	USPFO Building	28.840	9/15/09	16	020143	Not Joint

Remark Codes:

- **JC:** *Joint Construction.* A MILCON project that combines the space and functional requirements of two or more Service Components into one facility, thereby eliminating the need to build separate (or unilateral) facilities.
 - Each component occupies the facility, and has some exclusive use space; however, the facility also has shared or common use areas that effectively reduce the overall required square footage.
 - Cost savings occur due to the design and construction of one facility instead of two.
 - Cost savings also occur in contract administration, supervision, inspection, and overhead.
 - Cost savings continue after construction by eliminating duplication of the following requirements: facility sustainment, antiterrorism/force protection, future restoration and modernization costs.
- **JU:** *Joint Use (or Joint Use Construction).* Projects that will be used by more than one component during training activities, however will be funded, designed, and constructed by a single component.
- **Blank:** Unilateral Construction

Long Range Construction Plan AKARNG

ST	COMP	INSTALL	CITY	PROJECT	COST	DATE	FY	PROJ_NO	REMARKS
AK	ARNG	JBER	Anchorage	1:1 Barracks	\$21M	3/13/12	TBD		Joint Use ARNG, ANG, USCG
