DC Air National Guard

1. Munitions Load Crew Training Facility (PN #AJXF039040): \$3.00M. Construct a new facility at Joint Base Andrews for munitions crew training and corrosion control actions on F-16 aircraft. Programmed for FY15.

2. Mobility Processing Facility (PN #AJXF42039): \$1.75M. Construct a new administrative facility at Joint Base Andrews to support deployment actions. Programmed for FY17.
Not suited for other services' units/locations. JSRCFB recommends continue with programmed unilateral construction.

Not suited for other services' units/locations. JSRCFB recommends continue with programmed unilateral construction.

U.S. Marine Corps Reserve

1. Project Name (PN #P002): \$15.50M. Construct a new vehicle maintenance facility co-located with future RTC (or NGRC). Not yet programmed.
Could be done in conjunction with a joint project such as the prospective Joint MDARNG-USMCR Baltimore County Northeast NGRC.
2. Project Name (240162): \$ Unknown. Construct a new joint National Guard/Reserve Center (NGRC) for units located at the Baltimore USMC RTC. Not yet programmed.
MDARNG and USMCR continue to be interested in a joint NGRC facility in northeastern Baltimore County to be constructed sometime around FY23-FY25. The actual programming year will remain flexible at this point. The services have continued bilateral discussions on this project and have agreed to share unit requirements information in FY13 to drive the MDARNG search for a suitable 20+ acre parcel, and development of conceptual joint programming documents. The services agree that MDARNG will seek acquisition of a suitable parcel through a real property exchange with Baltimore County under provisions of MD Code of Public Safety 13-217, trading existing but unsuitable current properties for a buildable parcel that meets the needs of both services. MDARNG will take the lead in developing a draft joint economic analysis and draft DD Forms 1390/1391; USMCR will provide joint MOA examples and take the lead in providing a draft joint MOA covering inter-service support agreements. JSRCFB recommends joint construction.
