

# Joint Service Reserve Component Facilities Board (JSRCFB) Meeting 2014 Alaska

# Agenda

- **Mission**
- **Purpose**
- **Authority**
- **Review of 2013 Minutes (Outstanding Issues)**
- **Review of Current RC MILCON (FYDP)**
- **Review of RC Long Range Construction Plans**
- **Nomination of Joint RC Construction/Use Projects**
- **Discussion of Agenda Items for the next meeting**

**MISSION:** To maximize usage of Reserve Component Land, Facilities, and Installations by promulgating Joint Use and Construction by two or more Reserve Components.

# Purpose

## **BLUF: Identify Opportunities for Joint Construction/Use of Facilities**

- Review and Validate Alaska's Reserve Component Military Construction (MILCON) Requirements / Identify “Potential” Joint Projects
- Establish and Maintain Communication Between Reserve Components / Encourage Pursuit of Best Opportunities for Joint Construction and Joint Use of DOD Facilities
- Achieve Common Levels of Support Across all Services
- Seek Service Budget Request and Congressional Support
- Leverage Scarce MILCON Resources
- Provide State of the Art Facilities for Reserve Components

## **Authority:**

- **STATUTORY:** TITLE 10 U.S.C. 18231(2)
- **DIRECTIVE:** DoDD 1225.7
- **INSTRUCTION:** DoDI 1225.8
- **SERVICE INSTRUCTIONS/Regulations:**

## **Date**

AK	ANG	JBER	Anchorage	Construct Para-Rescue Equipment Storage	1.100		18	FXSB142019	Not Joint
<b>Remark Codes:</b>									

- **JC: Joint Construction.** A MILCON project that combines the space and functional requirements of two or more Service Components into one facility, thereby eliminating the need to build separate (or unilateral) facilities.
  - Each component occupies the facility, and has some exclusive use space; however, the facility also has shared or common use areas that effectively reduce the overall required square footage.
  - Cost savings occur due to the design and construction of one facility instead of two.
  - Cost savings also occur in contract administration, supervision, inspection, and overhead.
  - Cost savings continue after construction by eliminating duplication of the following requirements: facility sustainment, antiterrorism/force protection, future restoration and modernization costs.
- **JU: Joint Use (or Joint Use Construction).** Projects that will be used by more than one component during training activities, however will be funded, designed, and constructed by a single component.
- **Blank:** Unilateral Construction

# Long Range Construction Plan AKARNG

ST	COMP	INSTALL	CITY	PROJECT	COST	DATE	FY	PROJ_NO	REMARKS
AK	2		WASILLA	READINESS CENTER	\$15M			021128
