2014 Florida Joint Services Reserve Component Facility Board Project										
COMPONENT	JSRCFB PROJECT #	INSTALLATION	CITY	PROJECT NAME	COMPONENT PROJECT #	COST \$(000)	PLAN FY	FY2014 Recommendation		2014 Remarks
USAFR	A (1)	Patrick AFB	Patrick AFB	Weapons Maintenance Facility	FXHT 043000	3,300	2009	Unilateral	2/6/14	Delete, currently in construction.
USAFR	A (2)	Patrick AFB	Patrick AFB	Maintenance Workshop Complex	SXHT 033003	9,200	2009	Unilateral	2/6/14	Construct new Workshop Complex. Existing shops are undersized and spread out in several areas. Consolidation is needed to maximize efficiency. Machine welding shop is non-existent and prevents filling authorized slots.
USAFR	A (3)	Patrick AFB	Patrick AFB	Corrosion Control Facility	SXHT 043002	8,800	2009	Unilateral	2/6/14	Patrick AFB is located in a severely corrosive salt laden environment. Due to an inadequate corrosion control storage facility, environmental conditions lead to catastrophic failure of equipment. Hurricane demolished outdoor wash rack.
USAFR	A (4)	Patrick AFB	Patrick AFB	Wing Headquarters Facility	SXHT 973008	12,000	2009	Unilateral	2/6/14	Patrick AFB Bldg. 559 & 561 are slated for DEMO & have MOLD problems. AFRIC Design Award. Waiting for funding since 1997. Facility design is complete.
USAFR	A (5)	Patrick AFB	Patrick AFB	Guardian Angel Facility	Priority #1	12,000	2012	Unilateral	2/6/14	Patrick AFB current facility was only designed for 25 Airmen. Facility currently has 119 Airmen working in 39% of authorized space. Specialized equipment is being stored outdoors resulting in corrosion/maintenance issues. #1 Priority
USAFR	A (6)	Eglin AFB	Duke Field	Construct Visiting Airmen's Quarters	FTFA 94-9901	9,800	1986	Unilateral	2/6/14	Inadequate temporary lodging to support peacetime training of Reserve and Active Duty aircrews, mission support personnel for the 919th Special Operations Wing located at Eglin AFB. New quarters must be located out outside of the 75 decibel level to provide adequate rest for crewmen.
USAFR	A (7)	Duke Field	Duke Field	Environmental Mgmt. Facility	FTFA 061077	710	2011	Unilateral	2/6/14	The hazardous material collection and storage function will continue to operate in substandard conditions.
USAFR	A (8)	Duke Field	Duke Field	Small Arms Firing Range	FTFA 011251	10,200	2011	Joint	2/6/14	Duke Field does not have a Small Arms Firing Range and Airmen have to travel to alternate training fields to receive training. The CATM facility will provide classroom, admin, weapons training to meet AF standards.
USAFR	A (9)	Duke Field	Duke Field	Fire Station Duke Field	FTFA 071123	6,500	2011	Joint	2/6/14	The Fire Station does not meet Air Force or National Fire Protection Association standard requirements. Mission critical vehicles must remain outside exposed to harsh climatic conditions.
USAFR	A (10)	Homestead Air Reserve Station	Homestead	Entry Control Complex	KYJM 07-9014	9,800	2007	Unilateral	2/6/14	#1 Priority. HARB current main gate is a former commercial gate and does not meet AT/FP standards. FYDP 2014. LTC Oldham recommended joint construction.
USAFR	A (11)	Homestead Air Reserve Station	Homestead	Add Simulator Bays, B191	KYJM 10-9031B	1,500	2012	Unilateral	2/6/14	Construct a Simulator Bay addition for 2 additional F-16 simulators that will allow a reduction in flying hours to maintain combat proficiency. Otherwise 482FW pilots will be forced to continue using additional flying hours which will elevate operating cost.

2014 Florida Joint Services Reserve Component Facility Board Project

COMPONENT	JSRCFB PROJECT #	INSTALLATION	CITY	PROJECT NAME	COMPONENT PROJECT #	COST \$(000)	PLAN FY	FY2014 Recommendation		2014 Remarks
USAFR	A (12)	Homestead Air Reserve Station	Homestead	Construct Live Ordnance Load Area	KYJM 10-9017	1,901	2010	Unilateral	2/6/14	A live ordnance loading area (LOLA) is required to maintain proficiency and demonstrate wartime capability. Currently aircraft must "back taxi" on the active runway prior to take off. LOLA ordnance load area will be located on the north side of the taxiway.
USAFR	A (13)	Homestead Air Reserve Station	Homestead	Construct a New Aircraft Fueling Facility	KYJM 13-9069	1,750		Joint	2/6/14	Includes construction of an above ground storage tank and four on-grade fuel hydrants to support large aircraft. Existing fueling ops. Are supported through over-the-road equipment.
USAFR	A (14)	Homestead Air Reserve Station	Homestead	Construct a New Control Tower	KYJM 13-9070	2,700		Unilateral	2/6/14	New structure will be designed to sustain extreme environment and withstand hurricane events. Currently, moisture intrusion has resulted in premature equipment failure and the formation of hazardous mold.
USAFR	A (15)	Homestead Air Reserve Station	Homestead	Wing Mobility Storage Facility	KYJM 06-9029	4,510	2007	Unilateral	2/6/14	Project will supply 20,000 SF mobility storage warehouse to provide consolidated, secure, weatherproof and environmentally controlled storage for Wing mobility equipment.
USAFR	A (16)	Homestead Air Reserve Station	Homestead	Construct Aircraft Maintenance Hangar	KYJM 09-9005	12,400	2009	Unilateral	2/6/14	Construct a new Aircraft Maintenance Hangar to support the increased personnel and equipment since a BRAC has increased the 482FW.
USAFR	A (17)	Homestead Air Reserve Station	Homestead	Weapons Loading Training Facility	KYJM 09-9014	5,100	2010	Unilateral	2/6/14	Training Requirement. Currently training will continue to be conducted outside or in shared hangars. U.S. Green Bldg. Council Leadership in Energy and Environmental Design (LEED) rating silver.
USAFR	A (18)	Homestead Air Reserve Station	Homestead	Construct BEDAL Facility	KYJM 09-9069	1,210	2010	Unilateral	2/6/14	Provide weather protection/climate controlled environment to store high value firefighter equipment, four response trailers, personal protective equipment and crash rescue response gear. Supports local fire department in emergencies.
USAFR	A (19)	Homestead Air Reserve Station	Homestead	Munitions Storage Facility	KYJM 09-9061	3,032	2010	Unilateral	2/6/14	Currently, Munitions does not have secure, centralized and environmentally controlled storage space for items of its assigned equipment. Currently, equipment is stored outdoors resulting in premature degradation and elevated levels of equipment maintenance.
USAFR	A (20)	Homestead Air Reserve Station	Homestead	Addition/Alteration Medical Clinic Facility	KYJM 09-9024	1,019	2007	Joint	2/6/14	Project will add 2100 SF of additional space needed to accommodate addition of 79 personnel. Opened for Joint effort.
USAFR	A (21)	Homestead Air Reserve Station	Homestead	Add to Vistors Quarters Bldg. 410	KYJM 07-9029	3,900	2008	Unilateral	2/6/14	Current lodging deficit totaling 252 rooms. Off the base lodging can't meet the lodging capacity required for mission support. This requires planning of the UTC weekends around community events to ensure all military will be provided lodging.
USAR	B (1)	USAR AFRC/AMSA	Miami/Miramar	AFRC/AMSA	FYDP 79353	24,000	2010	Joint	2/6/14	The USAR needs 17AC to build a 600 man AFRC/AMSA in the Miramar, Florida area. This project was briefed to the Army Reserve Construction Requirement Review Committee (CRRC), Nov 2012.
USAR	B (2)	USAR ECSAM/SA	Orlando/Central Florida	ECS/AMSA/Warehouse	12641	36,100	2010	Joint	2/6/14	Provide a new facility (ECS/Warehouse) and replace existing AMSA 50G(FL125) located in Orlando. Project was briefed to the (CRRC) in Nov 2012. Project land requirement estimated at 45AC.
USAR	B (3)	Aviation Support Facility	MacDill/Tampa	Construct an ASF and ARC at MacDill AFB	71929	55,000	2011	Unilateral	2/6/14	Construct an aviation, training and maintenance bldg. Local unit slated to receive new squadron of MEDEVAC helicopters.

2014 Florida Joint Services Reserve Component Facility Board Project

COMPONENT	JSRCFB PROJECT #	INSTALLATION	CITY	PROJECT NAME	COMPONENT PROJECT #	COST \$(000)	PLAN FY	FY2014 Recommendation		2014 Remarks
USAR	B (4)	Army Reserve Center	Orlando	Army Reserve Center	12636	15,680	2012	Joint	2/6/14	This project will support 300+ USAR members in a current lease space facility. This project was briefed to the CRRC in Nov 2012. Adequate real estate for AT/FP requirements is not available.
USAR	B (5)	Army Reserve Center	Jacksonville	Army Resrve Center	FYDP LHJAC	40,400	2013	Joint	2/6/14	Construct 1000 member ARC in the Jacksonville, FL area. Project would house all units currently in Jacksonville area.
USMCR	C (0)	USMCR	No Submissions							
FANG	D (1)	Florida Air National Guard	Jacksonville	Replace Fire Station Facility	LSGA 019179	7,000	1991	Unilateral	2/6/14	FANG #1 Priority to construct a fire station to replace existng undersized temporary facility located inside the base. Existing facility not located at the flight line.
FANG	D (2)	Florida Air National Guard	Jacksonville	Construct Munitions Storage Igloos and Administration Bldg.	LSGA 099002	6,000	2010	Unilateral	2/6/14	Construct Munitions Storage Igloos and Administration building required by ANG Base Master Plan to correct lack of adequate space which impacts the units alert mission.
FANG	D(3)	Florida Air National Guard	Jacksonville	Construct Weapons Release Facility Complex	LSGA 049007	6,000	2011	Unilateral	2/6/14	Replace an outdated Weapons Release Facility; reinforced concrete foundation and floor slab, steel-framing, masonry walls. This new facility would meet NGB's new authorization standards for alert complexes.
FANG	D (4)	Florida Air National Guard	Jacksonville	Construct Fighter A/C Alert Complex	LSGA 02-9065	8,100	2003	Unilateral	2/6/14	Construct or replace existng outdated Alert Complex 20,000 SF to meet new standards. Existing administrative and sleeping quarters are not adequately sized to meet current mission standards. RED ALERT - NGB has established new authorizations and standards for Alert complexes.
FANG	D (5)	Florida Air National Guard	Jacksonville	Construct Mission Support Group & Dining Facility	LSGA 129001	7,500	2012	Unilateral	2/6/14	Replace existing undersized facility. Required by ANG Base Master plan to correct space deficiencies and alleviate over crowded working conditions.
FLARNG	E (1)	Florida Army National Guard	Palm Coast/Flagler Co.	Armed Forces Readiness Center	120173	22,289	1999	Joint	2/6/14	#1 Priority. 35AC of land located in Palm Coast/Flagler Co., 98% design complete. Original design was to be constructed with the USAR. USAR stated it was not cost effective and has determined not to be part of the joint project. Open to all components for joint construction.
FLARNG	E (2)	Florida Army National Guard	Immokalee	National Guard Readiness Center	120175	13,834	2006	Joint	2/6/14	Open to Joint efforts. New National Guard Readiness Ctr. on 26.41AC, Immokalee/Collier Co. by Airport.
FLARNG	E (3)	Florida Army National Guard	Gainesville	National Guard Readiness Center	120178	14,388	2006	Joint	2/6/14	Open to Joint efforts. New Readiness Center located on 43.11 AC land in Gainesville, FL.
FLARNG	E (4)	Florida Army National Guard	Camp Blanding Joint Training Center	Special Forces Centric Training Compound	120208	39,029	2013	Unilateral	2/6/14	The unit is currently housed in an annex of several block bldgs. that constitutes less than 11% of it's authorization. This annex is inadequate to fully support the unit due to lack of adequate training areas. #4 LRCP

2014 Florida Joint Services Reserve Component Facility Board Project

COMPONENT	JSRCFB PROJECT #	INSTALLATION	CITY	PROJECT NAME	COMPONENT PROJECT #	COST \$(000)	PLAN FY	FY2014 Recommendation		2014 Remarks
FLARNG	E (5)	Florida Army National Guard	Camp Blanding Joint Training Center	Operational Readiness Training Complex - Phase I	120217	14,600	2013	Unilateral	2/6/14	Camp Blanding does not have the required facilities for Brigade Training. They improvise to meet the requirements by renting large circus type tents for billeting, admin, latrine and shower trailers powered by generators.
FLARNG	E (6)	Florida Army National Guard	West Palm Beach	AFRC Organizational Parking Expansion/Fencing	120212	3,850	2013	Unilateral	2/6/14	The existing organizational parking is inadequate to accommodate the unit's equipment. Tractors are being stored off site and trailers are stacked 3 high creating unsafe conditions to the soldiers.
FLARNG	E (7)	Florida Army National Guard	Camp Blanding Joint Training Center	Unmanned Aircraft System	120225	7,300	2013	Unilateral	2/6/14	There is no existing space at the airfield to house the UAS or the assigned personnel. The UASOF must be operated in military "restricted" airspace and CBJTC has such space available.
USNR	F (1)	USNR	Pensacola	Navy Operational Support Center	P797	7,730	2010	Unilateral	2/6/14	Repair bldg. 781-0 to permit relocation of the NOSC from current location at Saufley Field to NAS Pensacola.

FLORIDA
JOINT SERVICES RESERVE COMPONENT FACILITY BOARD
(FL-JSRCFB)
Meeting Minutes
06 February 2014

1. **CONVENING THE FL-JSRCFB:** In accordance with DoD Directive 1225.07, the FL-JSRCFB meeting convened at 0900 EST, 06 February 2014, at the Jacksonville Naval Air Station (NAS), Building Number 919, Langley Street, Jacksonville, Florida 32212, in the Command Conference Room. The meeting was accessible via telephone conference for all members who were unable to attend in person.

2. **ATTENDANCE:**

a. Principal and Alternate Members Present:

United States Air Force Reserve	Col George E. Raeder
Florida Air National Guard	Col Robert J. Niesen
Florida Air National Guard	LtCol Jamie Rios
Florida Air National Guard	LtCol Brian Vitetta
Florida Army National Guard	LTC Kevin M. Holiday
United States Army Reserve	Mr. William Lachicotte
United States Marine Corps Reserve	LtCol Casey S. Berryman
United States Navy Reserve	Mr. Raymond Garay-Rivera
United States Navy Reserve	Mr. Alex Bronakowski

b. Conference Call-In Members:

United States Air Force Reserve	Lt Col Brent Hyden
United States Air Force Reserve	Lt Col Kelly Gwin
United States Air Force Reserve	Mr. Lazaro Martin
United States Marine Corps Reserve	Mr. Douglas Connor

c. Other Attendees:

Office of Assistant Secretary of Defense	LTC Dale Oldham
FLARNG-CIV	Mrs. Grace Ellis
FLARNG-CIV	Mrs. Tamara Holtz
FLARNG-CIV	Mr. Gary Pavich

d. A complete list of Principal and Alternate Members may be found in Attachments One and Two.

3. **ACTION ON MINUTES OF PREVIOUS MEETINGS:**

a. The previous minutes, dated 31 January 2013, were adopted by the Board.

b. The mission of the JSRCFB is to maximize the usage of Reserve Components (RCs) land, facilities, and installations by promulgating joint use and construction by two or more RCs. The joint MILCON process promises to create long term cost savings advantages during and after construction.

4. PROJECT SUMMARIES:

- a. Number of Projects Reviewed: **40**.
- b. Number Recommended for Joint Construction: **11**.
- c. Number Recommended for Unilateral Construction: **27**.
- d. Number Not Recommended for Construction: **0**.
- e. Number of Projects Recommended for Removal: **1**.
- f. Number of New Projects Submitted: **3**.

5. PROJECT LISTING:

a. The Project Agenda Booklets were available to all Components, at the meeting and through e-mail upon request. Project discussion sheets for each project were reviewed and discussed by the Board. Included in the discussion were new and existing projects previously validated, but not under construction. NOTE: A complete list of projects may be found in Attachment Three.

b. Each FL-JSRCFB Representative presented their individual projects and provided a current status report of each project.

6. PROJECT RECOMMENDATIONS:

a. Project A1, United States Air Force Reserve (USAFR), Weapons Maintenance Facility, Patrick Air Force Base (AFB). Construct new Weapons Munitions Maintenance Facility. Project is being removed because it is under construction.

b. Project A2, USAFR, Maintenance Workshop Complex, Patrick AFB. No exceptions and Board recommendation is unilateral construction.

c. Project A3, USAFR, Corrosion Control Facility, Patrick AFB. No exception and Board recommendation is unilateral construction.

d. Project A4, USAFR, Wing Headquarters Facility, Patrick AFB. No exceptions and Board recommendation is unilateral construction.

e. Project A5, USAFR, Guardian Angel Facility, Patrick ARB. No exceptions and Board recommendation is unilateral construction.

f. Project A6, USAFR, Construct Visiting Airmen's Quarters, Eglin AFB. No exceptions and Board recommendation is unilateral construction.

g. Project A7, USAFR, Environmental Management Facility, Duke Field. No exceptions and Board recommendation is unilateral construction.

- h. Project A8, USAFR, Small Arms Firing Range, Duke Field. No exceptions and Board recommendation is joint construction.
- i. Project A9, USAFR, Fire Station, Duke Field. No exceptions and Board recommendation is joint construction.
- j. Project A10, USAFR, Entry Control Complex, Homestead Air Reserve Base (ARB). No exceptions and Board recommendation is unilateral construction. Project is currently in design and waiting on funds.
- k. Project A11, USAFR, Add Simulator Bays, Homestead ARB. Board recommendation is unilateral construction.
- l. Project A12, USAFR, Construct Live Ordnance Load Area, Homestead ARB. No exceptions and Board recommendation is unilateral construction.
- m. Project A13, USAFR, Construct a New Aircraft Fueling Facility, Homestead ARB. No other Component has requirement at this time and the board recommendation is open for joint construction.
- n. Project A14, USAFR, Construct a New Control Tower, Homestead ARB. No exceptions and Board recommendation is unilateral construction.
- o. Project A15, USAFR, Wing Mobility Storage Facility, Homestead ARB. No exceptions and Board recommendation is unilateral construction.
- p. Project A16, USAFR, Construct Aircraft Maintenance Hangar, Homestead ARB. No exceptions and Board recommendation is unilateral construction.
- q. Project A17, USAFR, Weapons Load Training Facility, Homestead ARB. No exceptions and the Board recommendation is unilateral construction.
- r. Project A18, USAFR, Construct BEDAL Facility, Homestead ARB. No exceptions and Board recommendation is unilateral construction.
- s. Project A19, USAFR, Munitions Storage Facility, Homestead ARB. No exceptions and Board recommendation is unilateral construction.
- t. Project A20, USAFR, Addition/Alteration Medical Clinic Facility, Homestead AFB. No exceptions and the Board recommended changing the project to joint construction.
