G. OTHER BUSINESS:

1. The ILARNG briefed the Readiness Center Transformation Master Plan has been conducted and the final report is being submitted to Congress. This effort was conducted on the national level by NGB for each state. The ILARG will discuss the potential of joint construction with other services within the state at an appropriate time in the future. The goal is to receive a separate line of funding for future Readiness Center projects.

2. MILCON funding is at a low level and will possibly remain low for the foreseeable future.

3. BRAC may again become an issue in the future and may affect all services. The last BRAC was in 2005. Continued discussion needs to happen in order to mitigate any adverse cuts.

4. ILARNG is developing a Chicago plan to consolidate, divest and relocate readiness centers in the Chicago area in order to increase efficiency, increase coverage and divest of the its largest readiness centers to include General Jones Armory and Calumet Armory.

5. The USAR is planning the following actions:
   -Vacate Aurora Reserve Center and relocate to Arlington Heights (FY17)
   -Vacate Forest Park Reserve Center and relocate to Arlington Hts (FY 17)
   -Vacate Harvey Reserve Center and relocate to Homewood (FY 15/16)
