E. Project Listing

33 projects were presented and reviewed in total. 10 projects out of 33 were previously approved as unilateral projects during 2014 JSRCFB meetings.

F. Project Recommendations

- Currently COARNG is pursuing Joint Training Complex & Readiness Center (project # 080295) as a unilateral project. Basing action has been submitted to NG for review. But there is still a possibility of collaboration with USNR if DD1391 is submitted and committed to work together.

- There is a wide array of possibilities between COARNG and Buckley AF in pursuing projects such as Unheated Aircraft Storage Hangar (#080220), New National Guard Readiness Center (#080537) and any other future projects.
- COARNG is initiating acquiring a parcel in Castle Rock area and in Golden Area (approximately 20 acres) for the construction of new Facilities.

G. Other Business

1. The US Army Reserve was not represented at the meeting. COARNG is, as always open to collaborate with any other JSRCFB members on potential projects in Colorado and will always try to be in frequent contact and share the updates.
2. Fort Carson bldg. #8010 is vacant and Carson is taking over. Bldg # 8110 is converted to readiness center from old MATES. DPW has interest in resuming control. The 88th RSC is interested in using bldg. # 8110.
3. The USAR / 88th RSC wanted to discuss with the Fort Carson DPW to acquire any possibly vacant building in the future.
4. The Army National Guard will chair future meetings. This was announced at the end of the meetings and no comments were admitted.

H. Next Meeting

The next meeting will be on February 25th, 2016. Time TBD.
