D. **BRAC and Modular Force Updates/Issues.**

BRAC

No issues to discuss.

Modular Force Updates/Issues

Air National Guard – None

Army National Guard – Force is currently authorized at 3382 but will be reduced, along with change in types and sizes of units, by Sept 2017 or early 2018 to less than 3100. We left the city armories in Cando and Oaks this fiscal year. The Adjutant General has visited with 6 cities and the plan is leave 5-6 more by Sept 2017 and of those armories those units have gone away or are consolidating with our large readiness centers.

Army Reserve – The 7247 is moving out and the 7410 TMC is moving in, but no change in PAX; The Bismarck 7242 Med has requested to move to Ft. Sill, OK in September 2016 and the Bismarck 461 Engineers Third Platoon has requested to move to Fargo, ND.

Naval Reserve – None

Marine Reserve – Absent

Air Force – No changes

E. **Update on previously reviewed Guard Reserve major construction**

No major construction projects to review.

Army National Guard –

- We have made progress toward LEED certification at our Readiness Center at Camp Grafton and hopefully will be finalized yet this year.
- Unspecified minor construction project, the Field Maintenance Shop in Fargo, broke ground in the spring and was completed just before Christmas.
- The \$12 million FY 15 MILCON project, Field Maintenance Shop in Valley City broke ground in July 2015 and the contractor anticipates completion in September 2016.

ANG – Received funding for and have advertised for construction of the ISRG Facility. With plans for consolidation of the Predator Operations with ISGR Facility in the future.

Army Reserve – None

Naval Reserve – None

Air Force – None

USMC - None

H. Project Recommendations.

Number recommended for unilateral construction	17
The projects on the attached list with single components listed are recommended for unilateral construction.	
Number not recommended for construction	0

I. Indoor Range Projects:

Army National Guard – The National Guard Bureau has become concerned with the lead dust in our indoor armories, especially where the public has access. The North Dakota National Guard has closed six indoor ranges with plans to clean them and convert them for other purposes. The city indoor armories are being cleaned. The large indoor armories have been cleaned.

J. Other Business.

Force protection updates: Since the shootings in Chattanooga, TN, force protection has become an even greater concern. Every state has approached this a bit differently. In North Dakota the National Guard found funding and steered it toward our highest exposed areas, our “store-front” recruiting centers, increasing force protection with video surveillance and barricades. In the larger facilities with an officer in charge, each location has been allowed to

determine what precautions needed to be taken at their facility (locking building; closing gates).

COL Clark Johnson will act as the Board Chairman for the FY16 JSRCFB [Motion - Lt. Col. Gibbs (ANG); Second – Ralph Thorn (USAR); All in Favor]. He requested that all representatives keep him apprised of any changes in primary or alternate members that occur between now and the next board meeting. He also requests the authentication pages be returned by 31 March 16.

- K. **Next Meeting.** It was recommended that future meetings continue to be conducted via teleconference. Date and time for the next meeting will be 1300 CST, 8 March 2016.
- L. **Adjournment.** The meeting was adjourned at 1330 on 9 March 2016 [Motion - Lt. Col. Gibbs (ANG); Second – Ralph Thorn (USAR); All in Favor].
