1. U. S. Marine Corps Reserve:

2. U. S. Army Reserve:

The USAR has two projects that will be further evaluated to determine potential for joint construction. The USAR project 81967, will be further evaluated with CAARNG project 060435, for possible joint construction at the Moreno Valley site. The USA project 12864, will be further evaluated with USMCR project P-107, for possible joint construction at Camp Parks, in Dublin, CA.

3. U. S. Navy Reserve:

Mr. Raoufpur noted that their NOSC at NAS Lemoore is scheduled for demolition and reconstruction in 2017. A new reserve center is scheduled for construction in 2016, at March ARB on a very small site that is subject to flooding. Due to its size, the site can only accommodate one component. The project at Naval Base Coronado has been cancelled.

4. U. S. Air Force Reserve:

Noted that the projects on the project list have no changes from 2014. Project 101 reduced the number of warehouses in the project.

5. Air National Guard:

The CAANG noted that the facilities on Moffett FAF will be consolidated over a 5-yr period in one, as yet undefined, area due to the leasing of the FAF to Google. Google has requested that the CAANG vacate their facilities as soon as possible so that Google can utilize the facilities. Google will provide the necessary funding to relocate the CAANG into new facilities.

6. Army National Guard:

Their project list had no changes from 2014. The project at Camp Parks, project 5 in the project list, will be built on current site and is a unilateral project. The project in Sacramento was identified as a possible joint project with the CAANG.

G. OTHER BUSINESS

Lt Col Aten mentioned a recent initiative from Brig Gen Muncy, Commander of the 452 AMW at March ARB, to incorporate the Moreno Valley AFRCs into the base perimeter. The reserve centers and the base share a common fence line along Chanute Ave, Travis Ave, McDill St, and Meyer Dr. The USAR and CA ARNG representatives were both receptive to further discussions with the base leadership. LTC Hughes and Ms. Chasle-Cutler would be the USAR POCs. MAJ Deakin would be the CA ANRG POC. Ms. Elizabeth Williford at HQ AFRC asked to also be included in the discussion.

Ms. Chasle-Cutler indicated the USAR is looking for 2,500-4,000 SF of available administrative space at the US Naval Reserve Center in Alameda and at Travis AFB for two 20 person port operations platoon. The USNR representatives did not know of any available space at Alameda, but agreed to continue the discussion offline. The USMCR representatives expressed an interest to discuss possible collaboration opportunities with the USAR as

they also have an interest in relocating a unit to Travis from another location in the San Francisco Bay Area.
