State Facilities Board

Definition:

A group established in each of the 50 States, the District of Columbia, the Commonwealth of Puerto Rico, and the U.S. possessions and territories, to meet at a minimum of once every 12 months to:

1. Review all future RC MILCON requirements within their State to identify potential joint construction projects
2. Review future RC operations and maintenance (O&M) construction requirements within their State to identify joint construction projects where potential exists
3. Recommend joint construction or justify the need for unilateral construction for each requirement (Included in the SFB minutes)

State Facilities Board

Definition:

4. Identify additional joint opportunities to leverage efficiencies across the RC facilities programs, such as space utilization; energy and sustainability; maintenance services; contract services; and partnerships
5. Identify vacant or underutilized facilities for possible reuse
6. Identify available land for potential real property actions with other RCs
7. Share initiatives across RCs within their respective State to improve facility efficiencies and readiness across all components
